The broad aim of the **MASTER OF SCIENCE IN INNOVATIVE EDUCATION & TEACHING** is to prepare a more able, efficient, internationally oriented, skilled teaching force.

- The programme aims at equipping teachers with necessary knowledge and skills, as well as inculcate continuing education mindset to enable them to:
- Engage in best practices to maximize learning outcomes.
- Employ sound educational theories and principles in day to-day teaching and related tasks.
- Provide creative and flexible opportunity for teachers who are busy, but nevertheless wish to gain an internationally recognized teaching credential to further boost their professional careers in education.
- Contribute to the overall quality of education by becoming professionally attuned to a wide range of effective educational practices, by identifying and discarding those that are not effective.
- Be part of a bigger group of professional teacher network that makes up a constructive community of learners aimed at advancing the cause of good education for all, locally and internationally.
